## Changes to Rottnest Island General Store and Bakery Services July/August 2018

**Rottnest Island is carrying out essential roof and electrical works which will require a change in how the Island provides grocery and bakery services to Island visitors and guests in July and August this year.**

The Thomson Bay General Store, the Geordie Bay General Store and the Rottnest Bakery will close at different times between Monday 16 July 2018 and Friday 24 August 2018\*:

The Geordie Bay Retail Complex, including **the Geordie Bay General Store will be closed from Sunday 15 July to Sunday 5 August 2018 (inc.)**. During this time, customers will be able to shop at the Thomson Bay General Store, or order online or by phone and take advantage of the free delivery service.

The **Thomson Bay General Store closure will follow from Monday 6 August to Sunday 19 August 2018 (inc.)**. The Bakery next door will carry a limited range of essential grocery items (breakfast staples, dairy and meat, medicinal/hygiene and newspapers), while a more comprehensive range will be available at the Geordie Bay General Store. Customers will also be able to shop at Geordie Bay General Store in person, or order online or by phone and take advantage of the free delivery service.

The **Rottnest Bakery shop will close on Monday 20 August to Friday 24 August 2018**, although some baking will still be conducted overnight. Visitors will be able to buy a reduced range of Bakery bread and pastries, pies and sandwiches from the Thomson Bay General Store (next door) during the day.

The Rottnest Island Authority apologises for any disruption to our visitors and customers. The RIA, the Rottnest Bakery and the Rottnest general stores are working together to minimise any inconvenience.

These dates have been chosen because this is the quietest time of the year on the Island. Rottnest Island is a 365 day a year operation and as such, cannot avoid some disruption during essential works. These works are part of a six year program of roof and electrical remediation works due for completion in 2019.

We thank you for your understanding.
