

# ROTTNEST IS

## Application to bring Flora and Fauna onto Rottnest Island

Rottnest Island is an A Class Reserve. In order to protect the Island's unique environment the transport of flora and fauna to the Island is strictly regulated.

### **Rottnest Regulation 41B. No flora to be brought to Island**

(1) In this regulation —

**flora** means any form of, or any part of, plant life or a fungus, but does not include anything intended for human consumption.

(2) A person must not without permission cause or allow any flora to be brought within the limits of the Island.

Penalty: a fine of \$1,000.

(3) A ranger may take and destroy any flora that the ranger believes to be within the limits of the Island as a result of a contravention of this regulation.

*[Regulation 41B inserted in Gazette 25 Oct 2011 p. 4513-14.]*

### **41. No animal or bird to be landed on Island**

(1) A person shall not without permission cause or allow any animal or bird to enter within the limits of the Island.

Penalty: \$1 000

(2) Nothing in this regulation applies to fauna that is indigenous to the Island, whether seasonally or otherwise.

(3) A ranger may take and destroy any animal or bird that he believes to be within the limits of the Island as a result of a contravention of this regulation.

According to our Environment Policy any one wishing to bring flora to the Island including **wedding arrangements and bouquets** must apply in writing directly to the Environmental Coordinator for approval.
